MEMPHIS ITEMS.

In the Ullman winter book which has been made on the Montgomery Handicap Waring has remained a strong choice with the betting public, being backed from 25 to 1 to 3 to 1. Present prospects show more than fifteen candidates being hustled into shape for the race. The question of jockeys has worried certain owners, and even S. C. Hildreth has been until recently undecided as to who was to ride Waring. It is now certain that Turner who is under contract to W. C. Whitney, will have the mount.

Several owners stand to win small fortunes in the event of their candidates winning. No one knows, with the exception of Hildreth, how much he will enrich his exchequer in the event of victory by either of his horses. Hiram Pierce stands to win \$10,000 on Walkenshaw, which was laid against \$100. Albert Simons has good prospects of adding over \$10,000 to his winnings in the event of a victory for Nitrate. A list of probable starters, with their weights and jockeys, is as follows:

Horses.	Wt.	Jockeys.
Waring	124	N. Turner
Hermencia	102	
The Lady	110	T. Meade
Male	102	
Lady Wadsworth	92	
Nobleman	92	Louden
Silurian	100	J. Walsh
Flying Torpedo	107	Birkenruth
Walkenshaw	100	Otis
Barouche	94	Redfern
Brigade	102	
Lee King	102	
Wax Taper	124	Aker
Flora Pomona	98	J. Woods
Nitrate	105	Coburn
Caviar	117	O'Brien
Miracle II	87	T. O'Neill
Scarlet Lily	85	

There is a doubt about Coburn riding Nitrate. Simons, it is said, has a contract on Coburn's services for the Montgomery Handicap, and it is in his power to keep Coburn on the ground or ride him on Nitrate.

Redfern has been engaged for Barouche for several weeks, and T. P. Hayes, who has first call on O'Neill, gave Tichenor & Co. permission to ride O'Neill in the race.

Continued rain has interfered somewhat with the going at Montgomery Park for the last few days, and on this account trainers have been delayed slightly, but as most of their charges were sufficiently well advanced the loss of a day or so will have no serious effect. As it is, all the horses in training there are in good condition, and wonderful things are looked for from the horses who wintered at Memphis during the winter of 1901-02.

This year the hurdle race has been abandoned at Montgomery Park and there will be nothing but steeplechases in the way of jumping races. The latter are very popular there and will be made a feature. The Cotton Stakes, with \$1,000 added, will be a cross-country race that will attract considerable attention.

The first betting on the local two-year-old stake for fillies occurred Tuesday. M. Van Praag, a wealthy New Yorker, who has taken his family there to witness the running of the Ardelle Stakes, in which Navasota, recently purchased by Van Praag in New Orleans, is to meet the best in Schorr's, Vanderbilt's and other strings, bet bookmaker Johnny Fay \$500 to \$2,500 that Navasota would win the race, pay or play betting rules to govern. Van Praag is enthusiastic over the chances of his filly in any company, and has offered to match her for any amount, the distance to be named by the owner of the filly he matches with. He will take Navasota direct to the New York tracks after the Memphis meeting. She was returned a five-time winner in seven starts at New Orleans and finished second once. In her other start she unseated her rider and has shown remarkable speed in all races.

HORSES AT LEXINGTON.

For the first time in over two months the trainers at the Kentucky Association course at Lexington last Wednesday were able to use the track, and the way they sent their charges along was a caution. Of course, no real fast work was done, but the pipe openers were stiff ones, and in about a week some real fast quarters will be done.

There are now between 250 and 300 horses at the track, and there is very little sickness among them. Of the older brigade there are but a small number of real cracks, but the barns are full of useful bread winning platers. Time was when this old track was the training ground for nearly all the Kentucky and American Derby candidates in the spring, but things have changed. Nowadays the horses for the big Derbys are raced into condition in the south and southwest.

At the track, however, there are four or five three-year-old colts that are Derby aspirants. Jack Baker, trainer for Baker & Gentry, has a pair to draw to—South Trimble, the well-known two-year-old performer, and J. W. Rhodes, the untied half-brother of Lieutenant Gibson. John Rodegag, of Spokane fame, has Inventor in his string, while Jim Baker is handling The Common, a son of The Commoner. All three are in good shape, but their trainers are not boasting like some others of what they are going to win. None will start until the Latonia Derby, and that gives the trainers sufficient time to properly prepare them.

In the two-year-old line a person has to do some guessing and base the guessing on yearling work. The trainers have not had a chance to set them down as two-year-olds. There are lots of good looking ones, and well bred, too, but their real class will not be known for a week or so. There are a number which are labeled "for sale," and all kinds of sensational moves may be looked for from the pen of news fakirs.

One of the harbingers of returning spring in Lexington is the appearance in the show windows of well-known tailoring firms of jockey colors, and these sets of colors are gazed at by hundreds of the passing throng. A few years ago this firm made an average each year of a hundred sets, but for the last two years, or, rather, since racing was abandoned in Lexington, the average has been about forty sets a year. The jackets and caps are made of satin and silks and sell for \$15 per set. A number of well-known trainers and turfmen, however, have their colors made by their families.—St. Louis Republic.

*Ran as Snowberry.
Winner—B. g. by Cavalier—Empress of Norfolk.
Went to post at 2:10. At post 3 minutes. Start good. Won driving; second easily. Royalty, fresh and good and a stayer, was well up to the stretch, where he wore Ishtar down at the end and probably was best. Ishtar was lucky, displayed fine speed and stamina and but for too much early use might have won. Vassalo caught the others of the field when turning into the stretch after having made up much ground from a bad start. Dwight Way went well. Rubino, off badly, and excessively hustled in the first half, tired in the stretch. Swiftlight and Mythrox showed brief early speed.

Scratched—31217 Evea G., 107.
Overweights—Mythrox, 3 pounds; Anna B., 2.

Winner—B. f. by Meddler—Springtide.
Went to post at 2:40. At post 3 minutes. Start good for all except Bassenzo. Won handily; second easily. Colonial Girl, from a lucky start, ran on her own courage and, gradually closing up in the last half, she overhauled and passed John Peters and won going away. John Peters showed the most early speed, but fails to stay except in more muddy going. Pat Morrissey is in his best form and displayed fine speed and stamina. Tufts broke flatfooted and after hopelessly lagging in the first quarter closed up fifteen lengths on the leaders in the last half and should have been third. He is a fine stayer and a useful horse. Wyoming was found wanting today in the matter of his usual strong stretch run. Captain Gaines was nearly left and closed a big gap. He will do to watch.

Winner—Ch. c. by Linden—Peninah.
Went to post at 3:10. At post 2 minutes. Start good. Won easily; second handily. Commissioner Forster galloped under a stiff pull to the half, where he easily ran into a winning lead which he maintained without much effort to the end and was easily best. Lena, fresh and good, and favored by the soft track, ran a fine race. Dean Swift is a big, clumsy and heavy headed colt and was at a disadvantage in the going and with his incompetent jockey, but was a good horse and can probably beat the winner under more favorable conditions. Black Dick wants a long race and a fast track and was unable to stride freely in the going. Matilda O. went a good six furlongs. El Oriente sulked and can do better. Kittie Kelly went hopelessly wide on the first turn and carried Slap Dash with her.

Scratched—31204 Diomed, 106; 31199 Dorian, 106; 31201 Free Lance, 101.

Winner—Ch. g. by Fonso—Miss Nannie.

Went to post at 3:35. At post 2 minutes. Start good. Won driving; second easily. Frangible, favored by the distance and slow going and skillfully ridden, was sent along at a fast even pace throughout and outstayed Water Cure at the end. The latter tried perceptibly in the going which accounts for his defeat. He outclasses this kind on a fast track. Lizella also favors a good track but she finished unexpectedly strong and is evidently as good as ever. Position after trailing well in hand was pulling up in the stretch on three legs but walked out of his lameness. The Fretter was unable to stay but was speedy for seven furlongs.

Frangible, show, 3 to 5. Lizella, show, 3 to 5.

DISCIPLINE AT CHARLESTON.

CHARLESTON, March 26.—C. Dunne, A. O. Rhodes and J. Flynn were ruled off today. The horses Johnny Brown and Della Cee were also ruled off.

GOSSIP OF THE TURF.

The assistant secretary of the New York Jockey Club last Monday wrote to John Morrow of Nashville, saying that he is not now in the outlaw class, under the ruling against the participants in the Charleston meeting. Morrow was presiding judge

at Charleston, and this letter will be laid before the Western Jockey Club, and will entitle him to all racing privileges, and he will be one of the judges at Highland Park and Fort Erie this season.

Charles F. McLean, for many years judge at Latonia and Oakley race tracks, is seriously ill at his home in Glendale, Ohio, with an attack of la grippe. Mr. McLean is well known in Cincinnati racing circles, and was for many years connected with the Latonia Jockey Club. He was in early life a reporter on the Commercial-Gazette and is well known among local newspaper men.

Winnie O'Connor was again at the head of the winning jockey list for the Oakland track before he started east. This is but natural, as he was probably the best boy who was riding regularly there, and then he had the mounts from the stable of Green B. Morris, who was by far the largest winner among the owners.

Altamax, the good son of Maxim, gives promise of development into one of the great sires of California. Also, who won recently at Oakland and Maxnie are both sons of Altamax.

Winner—Ch. f. by Henry of Navarre—Gratitude. Went to post at 3:00. At post 5 minutes. Start poor. Won driving; second easily. Obligated was well handled throughout, Thompson saving ground all the way. She swerved in the last sixteenth and carried High Carnival over against Rona. Henderson claimed foul, but it was not allowed. High Carnival ran a good race, but was not handled to advantage and was pinned in next to the rail through the last hundred yards and Henderson could not cope with Thompson. She was probably the best. Rona got off well and displayed speed, but the route was a bit too far. She was interfered with in the last sixteenth, but was beaten at the time. Speed was an absent factor among the remainder.

Scratched—28330 Cormac, 92. Overweights—Quixada, 3 pounds. Obligated, show, 1 to 2. High Carnival, show, 4 to 5. Rona, show, 1 to 3.

Winner—B. or br. f. by Atheling—Elan. Went to post at 3:25. At post 5 minutes. Start bad. Won easily; second the same. Alan, fit and ready, displayed a high order of speed. Landry shook her up when a furlong from home but it was unnecessary. The horses from this stable are ready to race. Blue Peter had no mishaps, was off well and hard ridden for the first three furlongs but lacked the speed to get to the leader. He was easily the best of the others. Money Lender ran fairly well. Miraculous weakened early in the struggle. Squid caromed against Red Knight and Prince Hoadley when the barrier went up, throwing both out of the race.

Overweights—Alan, 1 pound. Alan, show, out. Blue Peter, show, 2 to 1. Money Lender, show, 2 to 1.

Winner—B. f. by St. Saviour—St. Cyria. Went to post at 3:30. At post 4 minutes. Start good. Won easily; second the same. All Saints ran a good race and was best at the weights but was tiring slightly in the last furlong, and Burns had to hustle her to keep her going but she won with plenty to spare. Woodtrice ran well and is in good form but the weight was too much. He was skillfully handled. Lamp o'Lee was probably short and weakened perceptibly in the stretch. Handicapper showed speed but Creamer made too much use of him in the run down the backstretch. Tamarin was outrun throughout.

Scratched—31238 Hop Scotch, 105. All Saints, show, out. Woodtrice, show, 2 to 5. Lamp o'Lee, show, 2 to 5.

Winner—B. f. by Kingston—Oneida. Went to post at 4:20. At post 3 minutes. Start poor. Won easily; second driving. Elizabeth Moan fairly romped all the way, displayed a fine turn of speed and was being eased up at the end. Alack began slowly and closed up with a rush in the stretch, but was tiring badly at the end and only lasted long enough to secure second place. Imperialist ran a fair race and was gaining at the end. Sunny Port showed speed, but quit when overhauled. Nala can do better. Notlimah is of no great account.

Overweights—Elizabeth Moan, 1 pound. Elizabeth Moan, show, 6 to 5. Alack, show, 8 to 5. Imperialist, show, 3 to 10. Notlimah, show, 1 to 2.

Winner—B. f. by Atheling—Queen of Scots. Went to post at 4:30. At post 2 minutes. Start good. Won easily; second the same. Caithness showed the most speed and should have won more easily but Shea rode her all over the track, being seemingly overanxious. She interfered somewhat with Rendezvous in the run through the stretch, the pair finishing on the outside. Rendezvous ran well and would have been a keener contender but for being carried out. Alene Abbott was tiring badly at the end and Anna Darling would have been third in another stride. Dr. Korber quit badly after a brief display of speed. Triton broke his off hind leg on the first turn.

Rendezvous, show, 6 to 5. Alene Abbott, show, 6 to 5.

Winner—B. h. by El Rio Rey—Louise M. Went to post at 5:15. At post 1 minute. Start good. Won easily; second the same. Lou Rey outclassed his company. Odom took him to the front when ready and he was going away at the end. Filibuster was speedy, but only led on suzerance. Flara lost ground on all the turns and was poorly ridden, Henderson being more of a hindrance than help.

Winner—B. c. by Luke Blackburn—Tattoo. Went to post at 3:15. At post 16 minutes. Start good. Won handily; second easily. Curd Gillock is in good form and ran a good race. He and H. S. Tobacco contested it out sharply all through the last quarter. The latter weakened when called on and Curd Gillock was drawing away at the end. H. S. Tobacco showed the most early speed and fully ran his race. Harry Wilson showed early speed, but tired and was probably short. John G. Ford, Maggie Clifton and Miss Conrad came very wide at the home turn. The latter was cut off on the backstretch. Stringtown ran away two and three-fourths miles when going to the post.

Lyne waited with Hainault until in the last quarter, then caught Father Wentker in the run home and out-gamed him when it came to a drive. FUTURITY FEATURES.

In a gossip article concerning the Futurity course and some features attending the decision of past contests for America's greatest race for two-year-olds Judge J. J. Burke says in Morning Telegraph:

"This year's Futurity and Flatbush Stakes will be run over the new Futurity course. For the first time in some years the full distance of the former race, as originally intended by the brilliant man who is understood to be responsible for an event which has done so much for the thoroughbred interests of the country, will be run.

"I refer to the lamented James G. K. Lawrence, whose memory will always live wherever great racing thrives, because of his many suggestions and improvements in horseracing.

"To him we owe the Futurity, the Realization and the Suburban, to say nothing of the Great Eastern and so many other famous stakes which serve each year to cause the Coney Island Jockey Club to become a Mecca for racing pilgrims from all parts of the country.

"It was the greed of nearby property owners which caused the Futurity distance to be cut down to the 165 feet less than six furlongs, which it has been now for some years. The club had not the legal right to use the ground upon which the start for the full distance formerly was made, and rather than submit to imposition and pay exorbitant prices for the necessary land the distance was reduced reluctantly by the executive committee.

"Unfortunately for the interests of the owner of St. Carlo, this was not done until after Chaos had won the Futurity, which many good judges always contended Garrison should have won on Mr. Belmont's colt. The jockey, it is thought, forgot that the finish was beyond the regular point, and Fred Day beat him a neck.

"Several other unfortunate things happened when the finish of the full six furlongs was wont to be at about the point where the clubhouse balcony projects over the weighing room. In one contest for the Double event it was always a mooted point as to whether the colt nearest the judges had been overlooked. This and several other unsatisfactory disputes engendered by the riders forgetting that the finishes for six furlong races were not at the old spot finally caused the committee to reduce the length of the Futurity to what has always been regarded as a 'mongrel' distance.

"Now, however, there will be no more trouble on that score. Both the Futurity and that far more decisive test of championship, the Flatbush, will be run over the full distance on the new course, for which the club, with commendable enterprise, has made the necessary purchases of ground, not alone for this purpose, but for the new stabling to be put up for Messrs. Keene and Mackay.

"It is now fourteen years since the first Futurity was run. Sam Bryant, a man now lying on his sick bed with but poor chances of recovery, was the part owner and trainer of Proctor Knott, who defeated Salvador and Galen. One of his partners, George W. Scoggan, is dead, but the other, Hiram, is alive and constantly turning out good racers from his Kentucky farm. He it was who bred Frank Rice, the best colt seen at the New Orleans meeting. The Scoggan brothers have always occupied an enviable position among the breeders and racing men of this country, because they have always striven to give the public who bet on their horses the best possible chances to land their bets.

"It is true that the Futurity of 1888 was won by Proctor Knott, but those who saw the race will always contend that the other western colt, Galen, should have won. He was trained and partly owned by Jim Gray, and ridden by the old-fashioned jockey, E. Turner, who so often had the mount on Pink Cottage and other good performers of that day. The writer saw that race from one of the boxes of the grandstand, through the courtesy of Mr. Henry M. Hitchcock. While Proctor Knott and Salvador were fighting it out near the rail, Galen was on the far outside, running almost twice as fast at the finish as were the other two, and there was a groan from those who had backed him on his western form when they saw that he could not get up.

"Not alone did Galen finish on the outside, but he had run on the outside almost from the start, and those who knew what a bend there was to the Futurity course, now a thing of the past, can easily figure out how much more ground Galen had covered than had either Proctor Knott or Salvador.

"Proctor Knott's jockey wore these colors: Blue, orange sleeves, a gamecock on the back of the jacket. Salvador's colors were the famous orange and blue which for years before and after that great race were formidable at nearly every racing point in the country. I think Galen's colors were a combination of purple and white, but I am not certain.

"When the Suburban is run this year and some 30,000 persons are assembled in the charming grounds of the club, the only vestige of the old Futurity course will be a strip of newly grown grass running for a little distance parallel with the new Futurity course, and then diverging off, where, at the stable occupied by Mr. Whitney's racers, it will end.

"Possibly some new stables will be located on parts of the old course, but it would be almost a

pity to thus shut off from view the picturesque residence of Mr. Whitney and the comfortable home provided for his trainer."

GOSSIP OF THE TURF.

John Slack, who will ride in the west next season for J. B. Lewman, came near winding up the New Orleans season with a bunch of trouble. The sudden improvement of Lofter on the day before the meeting closed with Lindsay up was so great that there were some questions asked Slack for his rides on previous and recent occasions. Ed. Reynolds, the owner of Lofter, openly charged that Slack had pulled the horse, while Slack says he was on a dead one, his belief being so strong that he said to starter Fitzgerald while at the post, "I'm on a dead one." There the matter rests, and as the charges and countercharges were only made on the closing day of the meeting it will likely continue to rest there.

Capt. J. H. Rees, of Memphis, who acted as presiding steward at the race meeting which closed last Saturday at New Orleans, passed through Cincinnati last Monday on his way to Pittsburgh, where he goes on a business trip. The Captain, who is a resident of Memphis, is heavily interested in the traffic on the Ohio and Mississippi rivers. His business calls him to Pittsburgh several times a year and, in fact, so much of his time is spent in the "Smoky City" that he is building a residence there.

While in Cincinnati he was the guest of Captain J. F. Ellison, superintendent of the Cincinnati office of the Pittsburgh and Cincinnati Packet Line, with whom Mr. Rees is interested in a business sense, and has been for nearly twenty years. Captain Rees did not have much to say on turf matters, but a few weeks ago he gave out an interview that after the New Orleans meeting he would not be connected with any track except at Memphis and Louisville this spring, and after the coming meeting, which commences next week, his only connection at Memphis would be on the Board of Governors of the Memphis Jockey Club, as he thought he was entitled to a rest after many years of active business life. He will be back in Memphis in time for the opening next Monday.

Belgium has not attained the prominence in the racing way that other countries have, yet their means of regulating betting is to be commended.

The layers of odds in Belgium are not actually licensed, but they are under control. Each morning of a race day they must present themselves at the offices of the Jockey Club and get their card allowing them to bet that day on the racecourse, and entitling them to occupy a certain pitch.

For this privilege they have to pay £5, which goes to the fund of the Race Society; but, if any complaint has been lodged against the layer, if he is known to be a defaulter, or if it can be proved that he has accepted bets from jockeys, or given any jockey a present, his ticket is withheld, and he is not allowed to bet at all. Welshers are therefore practically unknown there.

Moreover every bet has to be entered in a book which has been stamped and initialed at the Jockey Club, and it can be called in for inspection at any moment. When the book is filled, it must be taken to the Jockey Club before a new one will be issued.

Manager Fowler, of the Newport track, was asked recently if he was going to allow the Charleston horses to participate in the racing at his course.

"I have not made up my mind on that point," said he, "though I see no reason why horses and owners should not have the right to race anywhere unless they are under suspension for fraud. It is immaterial whether the track is a mile long or not. There are rascals on every track in the country, and I don't think there were any more of them at Charleston than there were at New Orleans. One thing I will say, there will be no funny business at Newport. I will look up some of the pedigrees of these babies before I will let them have a chance to get away with anything. The game has to be on the level, and I will make short work of them if I catch any of them trying to steal anything. I have lots of applications for stable room from owners who have not raced anywhere this winter. I am not ready to make any announcement as to the opening date, as I want to be good and ready before I do that. This is going to be one of the times when I don't intend to make any mistakes."

There are rumored to be in process of organization at Nashville and Lexington syndicates for the purpose of purchasing yearlings and holding them for disposal privately at such figures as will produce a goodly percentage on the investment.

At the head of the proposed Nashville syndicate is Madden Winston, a prominent insurance man, and a leading spirit in the one in Lexington is said to be "Counselor Bill" Brien, who launched the proposition out of which the Kentucky Mutual Sweepstakes Association was incorporated last week.

Aside from these proposed organizations several individuals who have money to invest have been advertising in the turf papers lately for the address of breeders who have yearlings for sale for cash.

It is figured by these parties that the demand for racing material for 1903 will be greater than the supply, and that prices accordingly will be higher than ever in the world's history.

They figure also that some breeders are not in a position to hold their yearlings until the June and September sale periods in the face of a cash offer the 1st of April, and that these breeders would rather sell now for a hundred or so dollars less per head than have the care of the youngsters for two or four months and the uncertainty attending shipment and sale.

Such a price at this time of the year as Mr. Camden received for his yearlings is considered by the majority of turfmen a very excellent average, and they declare that he did well in disposing of them.

These same men, however, argue that in the light of the present condition of the market Messrs. Schorr and McCafferty have a bargain in the transaction whether they mean to sell the youngsters or keep them for racing purposes. Should there be one such as Yankee or Endurance by Right among them they will have lost nothing on the deal.—Daily America.

Felix Carr, the once clever jockey, and who in recent years has been training horses for Barney Schreiber, has been mysteriously missing since last Saturday night at New Orleans. He was last seen there on Canal Street, and had made arrangements to share a car with owner C. Mulholland in shipping their horses to Roby. Barney Schreiber, whose horses at the Crescent City were in charge of Carr, telegraphed \$225 to him from San Francisco and ordered the animals shipped here. When the horse train left last Sunday morning at 3:30 Carr did not show up, and nothing has been heard or seen of him since Saturday night. Besides the money telegraphed to him by Schreiber, he had about \$200 of his own, and it is feared that he is the victim of foul play. The car containing Mulholland's and Schreiber's horses arrived here with eleven others Tuesday morning, but the Illinois Central would not allow the animals to be taken from it until the freightage of \$225 had been paid. It was held at South Chicago. The horses had been penned up for three days, but secretary Nathanson of the Harlem Jockey Club guaranteed the payment of charges, and the car was sent to Roby at once. Felix Carr sent Jerry Hunt, Kingstelle, Merida and Meran. The horses will be in a rather stiff condition for several days. No new arrivals came to Roby yesterday, and this fact pleased secretary Nathanson, as he says they have more than enough at the Indiana course already.

One trainload of men and women from New Orleans on the way to Washington last Monday came very near not reaching there. The engineer struck a landslide and the whole train was wrecked. Though but one person was killed, there were several injured. It occurred out in the woods, about nineteen miles from Washington. George Odom and his brother John were aboard, and they escaped injuries, but lost all their clothes, as the wreck caught fire and burned to the ground.

The train that followed the wreck came from Memphis, and had T. Burns as a passenger. He tells the story: "As soon as we found out what the trouble was I jumped off our train, and the first chaps I saw were George Odom and John. They were sitting on some pine logs in their undershirts. There were scores of folks walking about in pajamas and 'nighties.'

"It was an awful looking sight to see the train burning up and the passengers hanging around. I fixed up George Odom with some dry clothes, or he would have landed on Pennsylvania Avenue with an undershirt and a blanket.

"There were no horse cars attached to the wreck, but there were several regular race-goers that I don't know by name. The man killed was a porter, and the engineer and a brakeman were injured, but not seriously."

According to report, T. C. McDowell, the western turfman who owns the colt Alan-a-Dale and will also train W. K. Vanderbilt's stable this year, will proceed without delay to Washington, after racing one day at Memphis. McDowell says that he will campaign almost exclusively in the east this year, and that by degrees Mr. Vanderbilt's horses will be seen at all of the metropolitan tracks. Alan-a-Dale, by the way, has been troubled of late with tender feet, and McDowell does not intend to take chances with him until well into the season, but will bring him here to run in the American Derby.

According to the latest training intelligence from England, Huggins is giving Petronius, Volodyovski, Kilmarnock II., Intruder II., Wild Seaman, Elizabeth M., Ondulla, Spectrum, Abeyance filly and Game Chick regular work on the Bury side at Newmarket. Nasturtium's name is not mentioned as among those seen daily on the track. The horses so far have only been given easy exercise at five and six furlongs. On the race side at Newmarket, Olympian, Conroy, Kearsarge, Cap and Bells, Disguise, Noonday, Sinopi, and others of the Keene string are out daily for short canterers. Mr. Croker's Minnie Dee and his Derby candidate, Stanhope, have been going slow miles at Wantage, where the weather has not been favorable.

The Form Book for February is ready for sale, and includes the racing of March 1. Paper cover, \$1; leather cover, \$1.50.

JOCKEYS HANDICAPPED.

DAILY RACING FORM will from now on publish each week a table of the rating of the jockeys riding at each track based on their performances in the saddle. The best riders at each track will be given the uniform rating of 100, and from that point the others will be graded down according to their estimated relative skill. For a difference of five points between the jockeys a corresponding five points change in the handicap figures assigned the horses in any race must be made. Only riders frequently in the saddle will be given a place in the tables. The following is the rating of the jockeys now riding over the various tracks:

 Winner—Ch. g. by Sir Dixon—Wiesbaden.
 Went to post at 4:01. At post 2 minutes. Start good. Won handily; second easily. Dr. Bernays is in great form and was easily best but was poorly handled. He ran in spurts and was inclined to loaf but responded to the whip with a rare burst of speed. Mac Gyle pulled up sore. He was favored in waiting in behind the good pace set, saved ground on the stretch turn and finished strongly. Quadra raced a good six furlongs but Knapp was unable to manage her to advantage in the stretch. Alado went moderately well. Oscar Tolle had a scant chance with his bad jockey. He was hustled along early and is probably a non-stayer.

Overweights—Oscar Tolle, 1 pound.

 Winner—B. h. by Himyar—Grace Lee.
 Went to post at 4:26. At post 12 minutes. Start good. Won driving; second handily. Hilee displayed brilliant and enduring speed and ran in his best form. Escalante, after being carried wide on the stretch turn by the winner, took an apparently winning lead in the stretch and, although tiring at the end, would have won handily with intelligent handling. Headwater is in fine form, but broke slowly and, being in close quarters on the far turn, was forced out of position and turned wide, but finished strongly. He will do better on a fast track. Narra G., off poorly, is evidently very useful, as she closed a big gap under a strenuous ride. True Blue tired in the going. E. M. Brattain tired in the stretch after going a very fast half.

 Winner—B. g. by Isaac Murphy—Lagunitas.
 Went to post at 3:35. At post 23 minutes. Start good. Won easily; second the same. Barney F. was saved the most during the long delay at the post and, well handled, won with something in reserve. Salome was prominent in all the breakaways and was much used at the post. Mollie Brooks was taken the overland route and generally messed about. Little Tower and Emigrant were closing stoutly at the end.

Scratched—31189 Friend Jack, 102.

Time, 26 1/2, 53 1/2, 1:23 1/2.
 Winner—B. f. by Kosciusko—Wedding Bell.
 Went to post at 4:24. At post 23 minutes. Start fair. Won handily; second driving. A Bride had a slight advantage at the start but ran to the outside fence on the first turn. She caught Onomastus in the run home and was drawing away at the end. Onomastus was much used at the post. During the long delay he ran three-eighths at top speed to a false breakaway. Haco was a much improved horse and but for running a half mile at top speed before the start would, in all probability, have won. Lauria ran poorly.

Scratched—31222 Loyalty, 110.

 Winner—B. c. by Tenny—Lizzie Flynn.
 Went to post at 5:15. At post 30 minutes. Start fair. Won in a canter; second easily. Bad Penny broke flying and the advantage at the start gave him clear sailing. He tiptoed his field all the way and won at the end pulling up. Queen L. was under pressure all the way and ran a good race. Sir Kenneth came fast in the last quarter and outgamed Certain. Lady Aintree and By George, in addition to meeting with interference, were off in a tangle.
 Scratched—31249 Incandescent, 102.

 Winner—Ch. g. by Dr. Hasbrouck—Lucille Mannette.
 Went to post at 6:10. At post 2 minutes. Start fair. Won driving; second easily. Canrobert won by virtue of a good start. He had a couple of lengths advantage when the flag fell. He tired badly in the run home and would have been beaten in a few more strides. Nellie Fonso was taken the overland route, but with equal racing luck she would have won easily. Kildarlie was gaining stoutly at the end. Antagone had no mishaps.
 Scratched—31224 Vince, 110; 31245 Johnny Brown, 110.

The Melbourne Stud.

Handspring LIMITED TO THIRTY APPROVED MARES. \$100
(PROPERTY OF P. J. DWYER).

Handspring won the Great Trial, Tremont, Double Event (both renewals) Foam, Billow, Withers and Carlton Stakes, Brooklyn Derby, etc. Chestnut horse, standing 16.1 hands high. By Hanover—My Favorite, by imp. Rayon d'Or. Handspring's oldest get were two-year-olds in 1901. He has had but six starters, three of which, Merriment, Meditation and Major Dainierfield, are high class winners, and one of his other starters, which only twice raced, ran second in one of his starts in company of stake class. Handspring's breeding must be considered extra fashionable and up-to-date, being by the great Hanover and out of a daughter of the grand imp. Rayon d'Or, who won on the turf no less than \$122,140 and showing wonderful ability to go any distance and to carry any sort of weight. Handspring's second dam was by the successful sire imp. Glen Athol, a son of Blair Athol, winner of the Derby and St. Leger, and he out of Blink Bonny, by Melbourne, and she won both the Derby and Oaks, and grandson of both Pocahontas and Queen Mary and sire of the Derby and St. Leger winner Silvio, and the great Prince Charlie, probably the fastest horse that ever ran in England. Handspring's next dam is by none other than the great and only Glencoe. Going back to Rayon d'Or we find him out of a mare by the son of the immortal Touchstone, the foundation stone of nearly all perfect pedigrees, and her second dam was old Pocahontas herself, by imp. Glencoe. Thus combining several times over the wonderful Glencoe blood. Any breeder stinting a good mare to Handspring has a chance to produce the greatest horse that ever lived, and his stud fee is certainly a very low one, taking everything into consideration.

Rainbow.....\$50

Brown horse, 16.3 hands high, foaled 1890, by Longfellow, dam Buff and Blue, by War Dance. Rainbow won the Brooklyn Derby and many other races, in which he defeated the best horses in training, and during his three-year-old form worked a mile and a half trial in 2:36 over the Coney Island track. Rainbow's dam, Buff and Blue, is by War Dance, one of the best of Lexington's sons, out of the famous old matron, Reel, by imp. Glencoe. Buff and Blue also produced Bright Phoebus (winner of the Realization Stakes), Monita Hardy, Sister Geneva (dam of Carnero), and other winners. His second dam, Balloon, was one of the greatest long distance race mares ever seen in this country and produced the famous brood mare Ballet. Rainbow is one of the finest thoroughbred stallions in America and sold for \$8,200 as a yearling. Rainbow made his first season in the stud at Melbourne in 1900, but he was stunted to a few mares before that and from those services he has had seven starters, every one of which has been returned a winner, including the three high class performers Menace, who won eighteen races, a greater number than any other three-year-old filly in training in 1901; Wealth, a three-year-old filly, who in her first and maiden start forced the noted Futurity winner Ogden, then an older horse, to run a mile under 1:40 to beat her a head, and Percy F., a several times stake winner. For 1902 Rainbow is limited to thirty mares, of which twenty will be his owner's.

St. Julien.....LIMITED TO THIRTY MARES.....\$50

Own brother to the stake winners and successful sires Prince of Monaco and St. Carlo. Chestnut horse 16 hands high, foaled 1891, by imp. St. Blaise—Carina by Kingfisher. St. Julien was a stake winner and raced with success as a two and three-year-old, winning The Larchmont Stakes, 3-4 in 1:12, and other races, and was beaten a head by John Cooper in the Vreeland Handicap, 7-8 in 1:28. St. Julien was only stunted to a very few mares previous to going regularly in the stud at Melbourne in 1901, yet he has sired the flying Myrtle Dell, who made a track record as a two-year-old in 1901, Sard Seething, St. Dean, Kabyle, Princess Julien, Blonde Grayson, etc. Mr. Barnes thinks St. Julien fully the equal of his full brothers, St. Carlo and Prince of Monaco. He is a sure foal getter, having twenty-eight mares in foal from a service of thirty-three last year. He is also a grand breeder of individuality and as fine a tempered horse as there is in Kentucky.

Jim Gore.....Private

By Hindoo, dam Katie by imp. Phaeton. Sire of Beau Gallant, The Goldfinder, Amelia May, Beau Ideal, Moncreith, Gorman, Knowles, Donna Seay, and many other stake winners and great campaigners.

Prince of Monaco.....Private

By imp. St. Blaise, dam Carina, by Kingfisher. Sire of Fancywood, Blennenworth, Monarka, Precursor, Autumn Leaves, Sting, Kilmantle, who won twice and was placed four other times out of seven starts in England in 1901, Colbert, and many other winners.

The Melbourne Stud now consists of five stallions and 108 of as finely bred young matrons as can be found on any single breeding farm in this country. The mares are now kept on eight different farms and the yearlings on four different farms—far apart and yet within a few miles of Melbourne, for it is my fixed opinion that strictly high-class race horses can be bred with more success if kept apart in small lots rather than banded together in large numbers.

Mares kept in box stalls, well bedded down, the charges will be \$10 per month, when running on grass \$5, which must be considered a very low price, considering the established reputation the Melbourne Stud has for the care of its stallions, mares and all thoroughbred stock. It is a practice at the Melbourne Stud to try the mares three times a week until the first of June, and after that time every day until the season closes, July 1st, which is a guarantee that every mare will be got in foal, if care and attention will accomplish this end.

Usual return privilege, if horse is alive and in my possession.
